

NEW - Microsoft Forms Rolling Out Feb 15, 2018 - Office 365

2018-02-02 - Ira Hanson-Ralph - 0 Comments - in General

Forms allows you to quickly create surveys, quizzes, and polls in just a few clicks, and collect responses for further analysis. Think of it like SurveyMonkey, Doodle, or Eventbrite, all from your Office 365 account!

Forms will automatically show up in your "waffle" when you are logged into Office 365 online.

To learn more about Forms, or any of the available Office 365 apps that come with your ACAD account, check out the Office 365 Knowledge Base articles here on helpdesk.acad.ca.
